

PATENTED

KNOCK DOWN PALLET DECK

COLLAPSIBLE, STACKABLE, DURABLE

The Knock Down Pallet Deck features deploying legs for improved time efficiency and reduced opportunity for safety hazards. When folded, the KDPD nests securely with other KDPD units to provide a safe and space-efficient storing and transportation solution. The KDPD is a self-contained system, which means no extra parts which could become lost or damaged. The fixed nesting legs interlock with the folding legs when extended for additional stability and better distribution of weight.

Part Number	WLL	Dimensions Extended Folded	Weight	Purpose
50480-300	5,000 lbs / 2,268 kgs	88in x 46.5in x 45.8in 88in x 46.5in x 14.1in	240 lbs / 109 kgs	Intermodal Containers
50480-400	5,000 lbs / 2,268 kgs	92in x 46.5in x 47.6in 92in x 46.5in x 14.1in	244 lbs / 111 kgs	Standard Dry Van

No tools needed for set-up or take-down!
